にち

A blank sheet of graph paper featuring a uniform grid of squares. The grid consists of 10 columns and 6 rows, creating a total of 60 square units. Each square unit is defined by solid black lines. Within each square unit, there are dashed horizontal and vertical lines that intersect at the center, dividing each unit into four smaller quadrants. This design is typical for teaching geometry, fractions, or coordinate plotting. The entire grid is contained within a rectangular border.
